Dear Mrs. Cotton.

Thank you for the trouble you went to in answering my letter. George Cotton was certainly the man who settled at Georges River now Pyengana. Grandfather used to speak of him as "Dicky" Cotton, apparently a nick-name given for some reason. Pearl Cotton was one of the first school teachers at Pyengana, she taught in a private school. Charles was another member not mentioned by you, but Gus & Charlie lived together at Pyengana in my young days. I believe all the family were very well educated. I would think the Cotton living at Georges Bay or St. Helens is a Mrs. Laurel a grand-daughter of George Cotton and also a school-teacher of note, but now retired. I called to see her & we had a long chat but there seems a break in the link between the families. Thank you for your good wishes & I hope to have my book printed early in '74.

Yours Sincerely,
 Ewenyth Webb.

(Mrs.) R. G. Webb.
