My dear Sir

I have the pleasure to send you the remaining Vols. of the New Monthly - to Dec 32 - except for May and Sept: which I fear have been borrowed by some one - if I get them again I will forward them - I also send a Vol. of a very useful publication of which I am sorry they did give me the whole - The remaining newspapers must I fear be of too old date to give you any pleasure, but you are most welcome to them if you think otherwise -

My Wifes health does not improve at all as I could wish - she sends her best respects to

Mr Leake of family I am my dear Sir
yours truly
